**INTERNATIONAL | INTERDISCIPLINARY | INTERACTIVE |
YOU CAN BE THE "I" THAT COMPLETE OUR FAMILY**

Dear IGS Supervisors and Students,

As the semester draws to a close, it's time to start preparing for the upcoming examinations. While you're working hard, don't forget to take some time off to relax, and even have some fun!

We hope this year's IGS Student Life video, brought to you in conjunction with the IGS Student Club, will brighten your day as you relive the memorable moments of the past academic year 2015-16. Not only have you learned from one another through sharings and seminars, you've also supported each other in team-building play. This dynamic interaction is what sets IGS apart, and paves the way for interdisciplinary success.

This has also been a momentous year for us, as we saw our first graduate complete her doctorate in February. Join us in congratulating Yanmei and wishing her success in her future career!

As you head back to your books and research work, may Frank Herbert's wise words – "the beginning of knowledge is the discovery of something we do not understand" – encourage you to push ahead to open a whole new world of possibilities.

All the best for the course work, qualifying and oral examinations!

Yours Sincerely,

IGS Dean and Programme Chairs
Solving Global Challenges The Interdisciplinary Way

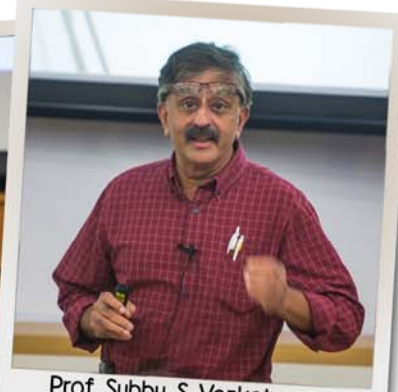

Prof Bo Liedberg, Dean

Prof Shen Zexiang
Programme Chair, Sustainable Earth

Prof Alex Kot
Programme Chair, Secure Community

Prof Subbu S Venkatraman
Programme Chair, Healthy Society
